CLASS DESCRIPTION

POWER TOTS GYMNASTICS POWER TOTS

The mission of Power Tots is to consistently provide high-quality movement instruction in a fun, safe, and positive environment. Our programs are designed to challenge and educate children in multiple aspects of their lives. Fine and gross motor skills are developed and enhanced, along with the overall physical and emotional well-being of each child. Every goal is reached with the effort and execution of our belief in the "Power of a Positive Attitude." Our challenging and thorough curriculum is designed to reach our goals of increased self-confidence and a positive association with fitness and increased physical health. Our instructors will help each child set personal goals for skills that we will learn during class, and help them achieve those goals with positive results. Our certified and safety trained instructors offer your children lots of high-energy fun through positive discipline and reinforcement in a non-competitive atmosphere. All instructors undergo multiple background checks and screenings as well as meet all state requirements for child care vendors and schools. Rest assured that our programs are not only a wonderful environment for children but that all precautions and safety aspects are met to the highest of standards. Thank you for your interest in Power Tots and we can't wait to see you in class!

DANCE AROUND THE WORLD MESSAGE IN MOTION

In our creative movement & exploratory cultural dance class, your child will explore a variety of dance styles from around the world with an emphasis on technique, rhythm, and imaginative play! Dance styles introduced include a variety of styles such as African, Irish, Latin, Bollywood, and even classical styles including ballet, jazz, hip hop, and ballroom! Each intro will include a brief history of that particular dance style, increasing cultural awareness and an understanding that dance is a universal language and expression all over our world! A new style from around the world will be introduced at each class. Class will incorporate the use of props, role playing, and imagination to aid in personal expression and creativity. Class culminates with an informal in class parent show on the last day of the session Get ready to dance around the world!

KARATE KAIZEN KARATE

This popular class is a disciplined introduction to the sport by Kaizen Karate. Your child will learn the beautiful art of karate while gaining safety and defensive skills in a respectful environment. The class will also emphasize the basic karate principles of focus, patience, and self-discipline. Returning students will continue to work toward new belts while first-time students will be able to start the belt program.

FLAG FOOTBALL TGA

Our flag football program is an excellent way for children to learn one of America's favorite sports in a safe, fun, and encouraging environment. Flag football is a "no contact" sport; therefore, allowing children to learn and be educated in the basics of the sport while also being challenged in football drills and lessons that will grow their knowledge of the sport in a safe environment and age appropriate. Tackling is eliminated as well as preventing other injuries associated with tackling and or contact. Instead of tackling and or direct contact, defensive players will pull the flags off the ball carrier's waist to stop them. In addition to the sports skills, coaches will utilize teachable moments during class to teach children essential life lessons such as teamwork, kindness, and sportsmanship "

WILDERNESS MEDICINE LITTLE MEDICAL SCHOOL

Little Wilderness School brings medicine, science, and the importance of health to children in an entertaining, exciting, and fun way. Our program will teach children about some of the dangers in the wild and how to safely handle a medical situation. For example, students will learn about snake bites, hypothermia, how to tie a tourniquet, splint a broken leg, filter dirty water, 20 uses of a bandana, and how to treat bug bites. Our classes are led by a trained Little Medical School instructor. Each child receives a diploma, disposable lab coat, LMS bandana, thermal blanket and so much more.

ARTISTIC DRAWING INNOVATIVE MINDS DBA YOUNG REMBRANDTS

Encourage your child's enthusiasm for art and help develop his or her drawing skills with a Young Rembrandts™ drawing class. Young Rembrandts™ Drawing curriculum uses a structured stepwise format to teach elementary students useful drawing skills, while developing creative thinking strategies. Students deconstruct complex objects into familiar shapes; then use problem-solving and imagination to make their own works of art. Innovative reasoning skills are developed through creativity, collaborative communication, and critical thinking. A variety of engaging images challenge students with realistic, abstract and graphic art styles. Our Artistic Drawing curriculum develops academically relevant skills, including spatial-motor planning, mental discipline and fine motor skills, while providing a fun, enriching experience for our students. New lesson every week.

GIRLS LACROSSE TGA

Get ready to score a goal and have fun with D1 Women's Lacrosse Coaches! Our multi-week program is ideal for all players - from beginners to experienced lacrosse players - and is designed to refine skill, achieve success, promote discovery through play and provide a pathway for students to play outside of class. Students' progress at their own pace while learning and experiencing something new in each class. All equipment provided.

LEGO ENGINEERING A'MORE

Who doesn't love building with LEGOs?!? In this class, we will build (pun intended!) upon this excitement by teaching LEGO enthusiasts about engineering – how to make a plan, execute it, reflect upon it, consider the physics of it, and make changes for next time. Tapping into our executive functioning skills, we will use our imaginations to build new innovations while learning about the classics (Eiffel Tower, Burj Khalifa, Big Ben, etc!). This course will conclude with a final "showcase of learning" during which families will be invited to the classroom to see what has been learned, and maybe even to build alongside their children if they're lucky!

Camps, care, and enrichment programs designed to educate, entertain, and engage students.

CLASS DESCRIPTION

CHESS CLUB MAGNUS CHESS

Learn chess with Magnus Academy, five-time world champion Magnus Carlsen's academy! We've taught 100,000 children to play including state & national champions, but most students are beginners looking to learn a new skill and have FUN. Class time is divided between lessons and practice games. Lessons range from the basic rules to advanced tournament strategies. Students will have the opportunity to play in tournaments (in-person and online) outside of club time. This in-person club includes free online extras including weekly practice tournaments, a Chesskid Gold membership (\$69 value!), and an event with a chess celebrity. Last year's guests were World Champion Magnus Carlsen and Judit Polgar (the best female chess player of all time). All chess supplies provided. All skill levels are welcome. For more information please visit chessacademy.com.

POKEMON POWER A'MORE

Step into a world of imagination, strategy, and endless fun! Calling all young Pokémon trainers – get ready for an extraordinary journey through the enchanting realm of Pokémon. In this dynamic course, we'll dive headfirst into the captivating world of Pikachu, Charizard, and all your favorite pocket monsters. Discover the fascinating universe of Pokémon as you embark on an exciting quest to become a Pokémon Master. You'll learn the art of capturing, training, and battling with these remarkable creatures while also developing essential skills like critical thinking, teamwork, and problem-solving. Explore the vast world of strategy and friendship that lies within the Pokémon realm. Through interactive activities, games, and creative challenges, you'll not only have a blast but also develop valuable life skills that will serve you well beyond the classroom.

DRAMATIC DISCOVERIES: ACTING & IMPROVISATION RED SPRINKLE

Lights, camera, action! Unleash your inner actor in this thrilling course. Students will learn fundamentals acting, improvisation, and stage presence. Through engaging exercises and games, they will develop their acting skills, explore different characters, and learn how to think on their feet. They will also have the opportunity to perform in short skits and showcase their talent.

MUSIC PROGRAM - PIANO VILLAGE MUSIC SCHOOL

This class will give students the fun of playing the piano, and with our methods, a beginner learns how to play a tune in the very first lesson! All genres of music will be included as part of the program so that students get a well-rounded artistic experience. The music clubs will pick up where school music programs leave off, a chance for students to get that extra attention and increased opportunity to perform.

FLOUR POWER ICOOK

Our pastry-chefs-in-training will learn about the power of flour in our new Baking and Sweets course. We will explore ingredients familiar and new to bake savory and sweet dishes. Students will make Fudgy Pumpkin Brownies, Blueberry Muffins, Dessert Fruit Salsa, and so much more! Foundational cooking skills will be taught, including proper techniques for measuring, mixing, slicing, dicing, and of course, kitchen safety! We hope to see you in the kitchen soon.

POTTERY AROUND THE WORLD JIMMY POTTER WORKSHOP

Experience the magic of winter at Jimmy Potters Workshop, a captivating after-school ceramic program for kids. We bring the professional pottery studio to your school. In our 2024 curriculum, students explore global cultures, creating winter-themed projects like Russian Fabergé eggs and Japanese cherry blossom plates through clay and paint. Our skilled artist/teachers cater to all skill levels, offering challenges for experienced kids. Join us for a winter full of creativity and joy!

MY FIRST FARM STAND SPARK BUSINESS ACADEMY

Fun on the farm earns money at the market! Students learn how farm stand favorites are grown and raised and brought to local farm stands at their peak of freshness and flavor. Develop healthy eating habits while learning where our food comes from, how it is grown, and the people and jobs involved in the process. Students grow tomato seedlings and culminate the class simulating their very own farm stand.

SCRATCH JR. TIME CODING CODE ADVANTAGE

Using coding skills in Scratch Jr, students will design their own games, such as Coin Collecting, Hide-n-Seek, Magic Cups, Dodgeball, Pac-Man and more! Each class offers a new and exciting backdrop where kids can let their imaginations go wild!
